## Chapter 4 Reading Check

*Closed Book - Closed Notes*

**Directions:** To demonstrate your completion and understanding of last night's reading assignment, please create 3 comprehension check questions related to the events that took place in Chapter 4. Also create an "answer key" for each question.

Remember that "comprehension check questions" should reveal your ability to **comprehend** what you read. If you didn't read, don't make stuff up—skip to the bottom of the page to explain why you didn't. Then, after turning in this paper, take out your book and read Chapter 4 silently.

Question	Answer:
1.	
2.	
3.	

Next, please take a moment to create at least one "discussion question". Remember that "discussion questions" may not necessarily have a specific correct answer; they may just ask participants what their reaction was when \_\_\_\_\_ occurred; or what they thought about \_\_\_\_\_ event; or which character they related to the most; etc. **AND WHY.** Be prepared for the class to have an opportunity to discuss your question later. Lastly, take a moment to collect your thoughts and to write down your response to your own discussion question.

Your Discussion Question:

Your answer:

***Mrs. Tolin, I did not complete my reading assignment of Chapter 4 last night because . . .***
